

Question 3: For this question I put “Foregin key” should be foreign key. I made the mistake because I clicked g before l. I think it’s a minor mistake because it’s a misplacement of 2 letters.

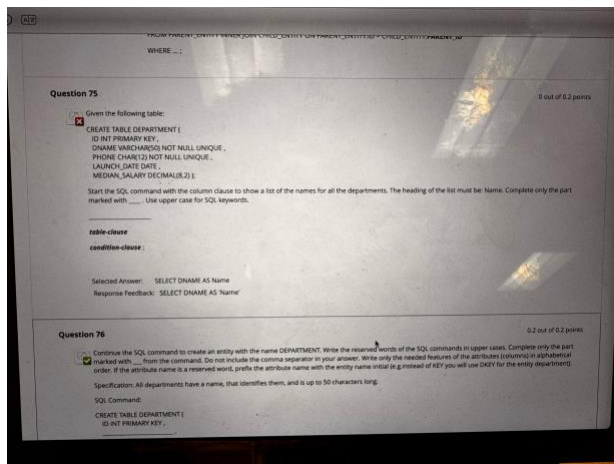

Question 16: I put IS instead of IF. I think this is a mistake because it’s just one letter type.

Question 55: this is a typo of the question/answer, it says “taughtt” with double t when it should be just ‘taught’ which I did.

Question 68: this question I added a space on the ORDER BY “MIDDLE_ NAME; part. I made this mistake because I didn’t double check. I think this is a minor mistake because it’s just a space problem and everything is working.

Question 75: for this question I made a little mistake by putting ‘ ‘ for the Name part. I made this mistake because I forgot how the system wanted it to be. I think this was a minor mistake because even though I added ‘ ‘ the code would still work.
